Committee Room, City Hall,
July 14th, 1920.

EIGHTEENTH MEETING (MINORITY)

NO. I COMMITTEE meets in the Committee Room, City Hall, on Friday, July 14th, 1920, at 4.30 p.m.
PRESENT: Aldermen Harley and Brighton.
Alderman Brighton nominates Alderman Harley as Acting Chairman.
Alderman Harley assumes the chair.

438 PUBLIC UTILITIES FUNDS (see par. 414)

Messrs. McFarland, Vining, Pocock, Mitchell and Buchanan addressed the Committee requesting that the Council will either advance them credit at the bank or authorize them to submit an application to the Ontario Railway and Municipal Board for authorization of the issue of debentures - same amount as already appliedmfor.

Mr. Tite, on behalf of certain ratepayers, protesting against the granting of the request of the Commission.

Alderman Brighton moves, and it is adopted, that the Utilities Commission be granted authority to make application to the Ontario Railway and Municipal Board for the issue of debentures as applied for in the City of London Bill and for the validation of the waterworks by-law for $100,000.

439 EAST END HALL PURCHASE (see par. 407)

John Aitken reporting that according to the assessment of the building he considered that a rental of $1,000.00 per annum for the part occupied by the Fire Department would be sufficient.

A.M.Piper reporting that the value of this building as it now stands not including the land and also taking into consideration the necessary repairs which are required to same would be $25,000.00. He asked that Mr. Grant add this amount to the amount he considered the property is worth.

Laid over.

440 A.TAYLOR FINE (see par. 426)

Attorney General to Treasurer Bell acknowledging letter of the 5th inst. in which he requests that the Government make a grant to the municipality covering the amount of this fine which has been ordered to be refunded and stating that the Government is not concerned with the question of how the refund of this fine should be financed by the municipality. There is no doubt that the municipality was paid the fine and the same having been remitted under The Fines and Forfeitures Act, Cap.99, R.S.O. 1914, that the municipality must refund same. The Government has no fund out of which to make such a grant as is requested.

Upon motion the matter is referred to the Council of 1921 in order that provision may be made therefor in the estimates.

441 HUNT PROPERTY TAXES (see par. 422)

S.Grant reporting that he called on the City Solicitor as to the purchase and he informed him that an agreement of sale had been entered into which had not yet been completed and advised him to request Mr. Buchanan to let him have copies of the correspondence from the City Council to the Commission which led up to the purchase of the property. This correspondence he enclosed.

As to the possible uses of the property for the city he has not made up his mind. He inspected it and found that the houses which were formerly occupied by the Hunt Co. employees are in a poor state of repair, with the exception of the office building at the end of Talbot Street. He could not gain access to the mill, but was told that most of the machinery had been removed, no doubt this was part of the agreement. The Hunt Bros. are still collecting some small rents from a couple of tenants.

E.V.Buchanan to S.Grant enclosing correspondence and stating that from these letters it will be seen that the Commission was requested by Hunt Bros. to purchase the property and refused to do so, and that later on, the request of the Board of Control the Waterworks Department was requested to buy the property for the sum of $22,000.00. Negotiations were entered into and the Commission obtained an offer for the purchase of the property on four yearly instalments for a total sum of $15,000.00

E.V.Buchanan to Hunt Bros. Ltd. January 15th. stating that he had been instructed to state that the Board considered their proposition at their last meeting and decided that as much more power could be generated at Springbank with a much smaller expenditure on capital account than the proposition involved and practically no additional operating charges, it was decided to do nothing in the matter.

Hunt Bro. to P.Pocock, Esq., November 27th, 1916.

"As it is our intention within the next year to build an entirely new milling plant on a different location from which we are now situated, we

beg to make your Commission the following proposition:

That we will turn over to you, our present mill property, consisting of some five acres, including the mill site, dam and water power with one 60 H.P. and one 90 H.P. turbine water wheel, also all buildings situated on the property for the sum of $30,000.00 or the equivalent thereof in Hydro Electric power to be delivered at their proposed new plant during the first five or six years, said new plant is in operation.

At present we are generating from 100 to 150 H.P. from our water, but with additional splash boards on the dam and a readjustment of our turbine wheels, considerably more power could be produced, which could be used by your Commission as an auxiliary for fire protection and for pumping purposes.

The property would afford your commission ample facilities for sinking new wells, building additional collecting basins, etc. The buildings could be used for storage, dwellings, etc."

E.V.Buchanan to S.Baker, March 21st, 1917.

"At the last meeting of the Public Utilities Commission, it was decided to purchase the Hunt Bros. Mill property for the sum of $15,000.00 under the following terms. $5,000.00 to be paid in cash when the agreements are signed, and the balance in equal yearly instalments during the next four years. The property is being acquired for waterworks purposes. I have been instructed by the Board to submit this proposed to the City Council for their approval and ratification."

S.Baker to E.V.Buchanan, March 12th, 1917.

"I beg to state that the Board of Control, adopted the following resolution re purchase of the Hunt property, viz:

"That the Board express its approval of the consideration of negotiations with a view to the city co-operating in working out the proposition with the Utilities Commission, the Utilities Commission to provide $10,000.00 and the remaining $12,000 worked out in the best possible way".

Laid over.

442 INDUSTRIAL AREA.

On the property purchased on Trafalgar Street from T.W. Scandreet for industrial site there is a frame house known as House No. 1246 Trafalgar Street with an old barn in the rear. An offer has been made to purchase the house and barn for $150.00. He recommended that the offer be accepted.

Upon motion the recommendation of the Treasurer is adopted.

443 BREAD REPORT.

Board of Commerce submitting report of cost of one pound of bread delivered to consumers in Canada in May 1920.

	Av.cost flour bbl.	Av. cost flour per lb. bread	Av.cost ingredients per lb.	Av.cost baking per lb.	Av.cost delivery per lb.	Av.cost management per lb.	Total Av.cost one lb. bread.
London	11.73	4.397	.819	.779	1.244	.362	7.601
Dom. Av.	12.71	4.854	.641	.817	1.326	.661	8.299

Filed.

444 UNION WAGES. (see par. 153,192)

Raymond Smith stating that owing to the hod carriers' strike prevailing in the city the London Trades and Labor Council desire to keep the City Council apprised of the possibilities of the contractors failing to live up to the amended by-law relating to the payment of union wages.

Referred to the Engineer.

445 U.C.M. CONVENTION (see par. 247,310)

U.C.M. extending a cordial invitation to the annual convention of the U.C.M. which will be held in the City of Quebec on Tuesday, Wednesday and Thursday, July 27th, 28th and 29th.

Upon motion the Committee recommend that His Worship the Mayor and the City Clerk be authorized to attend.

446 ACADEMY OF POLITICAL SCIENCE ACCOUNT.

The Academy of Political Science annual dues for the year ending June 30th, 1921, amounting to $5.00 are, upon motion, passed for payment.

447 POLICE COURT FINES.

John Moule reporting for the month of June, viz:

Paid City Treasurer	$2663.00	
Office expenses	47.25	$2710.25

Former Report	This Report	Total
$22,780.05	$2710.25	$25,490.30

Filed.

448 BAND CONCERTS.

N.R. Heard stating that they have been notified that the Public Utilities Commission intends collecting a fee of twenty per cent

of all revenue (after deducting expenses) received by them from the public at their Sunday band concerts in Victoria Park. These concerts are held solely for the purpose of raising money for the erection of a Memorial Children's Welfare Hospital and as this money will be spent wholly on this hospital in this city and for the benefit of the citizens, they consider it unfair for the Commission to attempt to collect any fee whatever and protest against such action, particularly in view of the fact that the matter apparently has not been brought before the Council and discussed by them nor have they been given an opportunity to present their case in this matter.

Upon motion the complaint is referred to the Utilities Commision.

449 MICHIGAN PIKERS.

Gordon Philip stating that the London Motor Club and the Chamber of Commerce have worked out arrangements for the reception and entertainment of the Michigan Pikes Association and hope for the co-operation of the City Council. The City of Toronto is looking after the 250 members of the party and other municipalities are doing what they can to make their visit memorable. The arrangements completed so far are as follows:

Members of the Automobile Club will meet the tourists outside the city about 4.30 on Thursday afternoon and conduct them to Queens Park where their camp will be laid out. This will include tents, electric lighting plant, kitchens, refrigerator car, supply trucks, baggage, tent and blanket trucks, shower bath truck and fire department, in addition to about forty touring cars.

At 615 the party will be entertained at dinner in the W.S.T.U. dining hall in the Grand Stand. Arrangements have been made with a caterer to supply a satisfactory meal at contract price and tickets are being sold at $1.50 each. All members of the City Council, Motor Club and Chamber of Commerce have been invited by post card.

Following this function, at 8 o'clock a good roads rally will be held in the grand stand with several novel features of entertainment. Prominent speakers from the United States will deal with the subject and Magistrate Graydon has been asked to speak on behalf of London and District.

His Worship the Mayor has been asked to welcome the visitors at the dinner and it is hoped that all members of the City Council will find it convenient to attend. He will be glad to send the required number of tickets if it can be ascertained how many will be required for members of the City Council.

Alderman Brighton moves and it is adopted, that the Clerk be instructed to ascertain the members of the Council who can attend and secure tickets for them.

450 CANADIAN CITIZENSHIP.

S.Baker submitting report, namely:

Table No. 1

Revenue of the Canadian Provinces for the year 1917 - by main sources - compared on a per capita basis.

	B.C.	Alta.	Sask.	Man.	Ont.	Que.	N.B.	N.S.	P.E.I.

Filed.

460. SOLDIERS' TAX REMISSION.

T.C. Lamb thanking the Council for their favorable consideration of his appeal.

Filed.

461. MILK BY-LAW.

S. Baker stating that the Board of Health request that the milk by-law No. 4104, sections 11 and 21 be amended to provide:-

(1) By striking out the words "in the months of May and November" in section 11 and substituting therefor the words "Not later than the first days of July and December."

(2) That section 21 be amended to provide that no milk may be delivered in the City of London by rail, unless same be contained in sealed cans.

Upon motion the introduction of a by-law amending the milk by-law as requested by the Board of Health is recommended.
